SUMMARY

I am a passionate Mechanical Engineering student with a strong enthusiasm for applying my knowledge to real-world problems. I am keen on leveraging theoretical concepts to develop innovative, practical solutions, constantly seeking opportunities to experiment, design, and implement projects that enhance efficiency and functionality. My curiosity drives me to explore emerging technologies and apply engineering principles in meaningful ways

EDUCATION

**Government College of Technology
Electrical and Electronic Engineering
(2023-2027)**

Cumulative GPA: **8.08/10** (until 5th sem)

**Bannari Amman Vidya Niketan Higher
Secondary school
School, sathyamanagalam.
HSC: All Pass
SSLC: 86%**

CERTIFICATION

- **SOLIDWORKS | MSME**
- Presented a PPT on electromagnetic braking system at college department and secured **second prize**.
- **Attended** the KPR institute of Engineering and Technology and

present PPT on sustainable development at kallikrates'24 event.

SKILLS

TECHNICAL SKILL:

- **Software tools:** Solid Works, Creo.

NON TECHNICAL SKILLS:

- **Software tools:** Blender.
- **Soft skills:** communication skill

INTERESTED DOMAIN

- Design and Analysis.
 - Automotive Engineering.
 - Thermal engineering.
 - Manufacturing and production.
-

INTERNSHIP

Ashva Hyundai Private Limited (sep-2025)

Gained in-depth knowledge of cars and hands-on experience
